

Burrough's Bio

Billy Harrison - Mr. Pro-Bowler

1955

1952

Billy Harrison said he has very fond memories of his days at John Burroughs elementary school. His classmates remember him as being hit by a car while riding his bicycle to school in the third grade. Billy has kept in touch with many of his classmates. He said he was very shy and bashful and he took a long time to finally get up the nerve to kiss Ann Dickerson while she was walking home from school. He sneaked up behind her, kissed her and ran!

Billy was a good athlete in school, but not in the top tier of the athlete greats. However persistence makes perfect. Billy had natural ability and fine tuned that ability. He started bowling at a young age and became so good, he briefly turned professional. *Yes he bowled 16 PERFECT games!* His average was over 210 and he was sought at by several teams. Billy is an avid sports fan, attending every game he can in football, baseball and hockey. Also this avid sports fan has a ten handicap in golf! How is that for consistency for an athlete?

After CHS Billy worked in the data processing field in operations and programming. His work took him to several States but his roots remained in Tulsa where he currently resides. Yes he is a computer expert!

We talked to Billy about what has happened to him after the 2001 CHS reunion. It was a conspiracy. Fred Benford, Donna Lane and Janie Whitefield got together and linked Billy up to Janie Whitefield who's husband passed away ten years earlier. Before he knew it, he and Janie were going steady!

Happy 64th Birthday Billy!
(Will be 65 in Novmeber 2003)
