After Central High School I went to Dallas Texas, to Baylor University College of Dentistry to Caruth School of Dental Hygiene to become a Registered Dental Hygienist.

I moved back to Tulsa to practice with a group a dentist. I worked with them for 42years before retiring in 2000.

While bowling on a league I met Ronald Wilson, he is from Arkansas, Seven weeks later we were married on December 19, 1958 so he could take me to his parents for Christmas. Their house was small and not enough bedrooms. Great excuse the marriage has lasted 47 years.
