Allen Keenan - "Keener"

Current

Allen attended Lincoln elementary school which was referred to as "Stinkin Lincoln." He said he cannot remember his first kiss but thinks it was Marilyn Mullin, but feels that may just be a fantasy. He says his most terrifying moment at CHS was leading the American's Creed at Assembly as a sophomore.

Allen is a "man's man." His best memories about CHS are around cars. Allen and Lee Gideon borrowed a Red 1928 Buick Roadster and drove it to Pennington's to show off. Show off they did, the brakes failed and they drove over the median and onto the other side, completing the quickest drive through in Pennington's history. The other car incident was in his 1949 Ford. He whizzed around a corner, the door opened and Bill Bruckner rolled out on to the street! Bill was not hurt but lost his shoe. Allen is still a car lover trading his 1960 Austin Healey in on a 1976 Porsche 911S.

Allen is a Dentist. Must be a pretty good one at that! He was named outstanding Dentist of the year 1980 and 2002 and was President of the Okla. Dental Association last year (Hey Allen, can you give classmates a discount?). It was probably all that schooling at Westminster, TU and NSU. He graduated from UMKC Dental School (where he met his wife) in 1963, then the Air Force sent him to Tacoma and then to Athens, Greece.

Allen moved to Tulsa in 1968. He and Judy have two daughters and four grandchildren. Allen was Chairman of our 50<sup>th</sup> Reunion Committee!!! From what all of us can know ... he did a great job!

**See ya at the 55<sup>th</sup> Allen!**
