Sue Trower – Sister Act!

1955

After graduation, I went to O.U. with the many masses from our school, and graduated with a degree in Fashion Arts and Marketing. I then married my College sweetheart and we raised three delightfully wonderful sons in Norman, Oklahoma. These three sons also graduated from O.U. They have given us three beautiful, talented daughters-in-law and ten grandchildren, the oldest of whom is a Freshman at Rice University this fall with a full football scholarship. My husband, Mickey Fentriss, was in the Sound Engineering business, Muzak and several restaurant businesses in Oklahoma City. Aside from many volunteer organizations and church work, I helped with my husband's businesses and ran a Wholesale Silk Tree and Plant business of my own. However, my greatest and most fun accomplishment was attending and supporting all the sporting activities of my three boys. Twenty-eight years of "Bleacher" sitting at Football, Basketball, Baseball and Tennis did great things for my character, but, not such great things for the calluses where I did the sitting. Mickey passed away in 1991, and, five years later I was blessed to have found the second love of my life. Jim Dolman of Ardmore, a college acquaintance I had not seen in 35 years, came into my life. Jim and I share all the joys that a relationship has to offer, and we absolutely delight in getting to spend this time with each other. Jim is an Attorney in Ardmore and owns a small Oil Company, as well. He has three children and two grandchildren. He is NOT retired and has no plans of doing so in the near future. My favorite hobby now is gardening. Jim and I have two lots full of gardens, and for the most part, take care of them ourselves. Oh, that makes me tired just writing about it.

Pat (left) & Sister Sue

As I look forward to this very special reunion, I am reminded of some special memories of days gone by - early morning visiting on the third floor before class, lots of wonderful formal dances with big bands, beautiful formal dresses and handsome guys in tuxedos, assemblies that were informative and entertaining with **Greta Morris** playing "Hot Canary" on the violin, **Barry Epperson** and his trumpet, **Carole Godfrey** and her ballet. Unfortunately, I remember, all too well, my sister, Pat, and I tap dancing in the School Daze. Neither of us were fluid, pretty dancers,

but, because we were a "sister act" and had a costume theme, we got accepted to perform. We had taken dancing for years but never had the grace or talent of an Anne Anderson. Of course, I remember Pennington's Drive Inn with black bottom pie, the *Brook and Delman Theaters* on Saturday afternoons, cruising with friends on Saturday afternoon for no reason and no particular place to go, Friday night football games were a ball, although we seldom knew which team had the ball, slumber parties where we tried to stay awake all night, and I never could. The fond memories of High School activities, places we went, friends we knew, are certainly rekindled at this time, and, I so look forward to renewing old friendships and making new ones.

Thank you, Committee, those in Tulsa and those outside the area, who have spent countless hours in our behalf. You are very much appreciated.
